i see the line up ahead of me, should i just take off
sudden i don't wanna come in next
i wanna win but they holler me, suddenly feels afraid
and i start to go back
you have to put me before my stupid metaphors, i don't
use them anymore
i'm in love, i'm falling in love and i'm at ease like a
summer breeze
and cut off shorts and a share with those sleeves
hearts brazing fast, put on a gas, imagine a mask and
where you wanna go, let's go

dash i cross whatever if you hold me as
i wanna dash, take both hands off of the wheel and
crash
i wanna dash like a guster wind, like a wake i'm rushing
in, to your arms again
and then a flash, the laughter gets louder and louder
the faster we dash, dash

i see a part of me that lives in you and i glow each time
i see your face
don't know where i'll end but i'll take chance
if i'm guilty of loving i'll take the blame
so excuse me when i'm just ...off again, i'm so
complicated i'm in love, i'm falling in love
and i'm at ease like a summer breeze
and cut off shorts and a share with those sleeves
hearts brazing fast, put on a gas, imagine a mask and
where you wanna go, let's go

dash i cross whatever if you hold me as
i wanna dash, take both hands off of the wheel and
crash
i wanna dash like a guster wind, like a wake i'm rushing
in, to your arms again
and then a flash, the laughter gets louder and louder
the faster we dash, dash
like a waterfall, i'm running, on a hurricane i'm coming
it's so predictable, but my heart's beating too fast and
i, i'm dash
i don't wanna jump the ...tonight, i'm dash, i'm too

afraid that you may pass me by
don't wanna fight it anymore, so i'm opening up a door,
and i'm about to make a
dash, dash, i just wanna
dash i cross whatever if you hold me as, i cross
whatever,
i wanna dash, take both hands off of the wheel and
crash, crash
i wanna dash like a guster wind, like a wake i'm rushing
in, to your arms again
and then a flash, the laughter gets louder and louder
the faster we dash, dash
dash like a guster wind, like a wake i'm rushing in, to
your arms again
and then a flash, the laughter gets louder and louder
the faster we dash.
