Independent girl that's what you are
Everytime I see you, you look like a star
Don't mean to impose, I just
Wanna get to know you
When we talked on the phone you said
You been put through some horrible things
You don't need that in your life,
Cause your such a princess, Oh

Girl I know you don't need a man
Another heartache relationship
I just wanna make sure, that you
Are never lonely, (Oh)
Girl I know, you don't need a man (Oh no)
Another heartache relationship (Oh no)
I just wanna make sure, that you
Are never lonely

A beauty like you should be taken care of
Not worryin' 'bout ya man being way out there
Doing things to you, like you not waiting at home
Cooking and cleaning, acting like you his wife
Mean while he's drinking in the club with his boys
What is he thinking, he had gold in his hands, Oh

Girl I know you don't need a man
Another heartache relationship
I just wanna make sure, that you
Are never lonely, (Never lonely)
Girl I know, you don't need a man (you baby)
Another heartache relationship
I just wanna make sure, that you
Are never lonely (never lonely)

Girl I know, you don't need a man (you dont need a man)
Another heartache relationship
I just wanna make sure, that you
Are never lonely
Girl I know, you don't need a man (you don't need a man)
Another heartache relationship (girl I got ya back)

I just wanna make sure, that you
Are never lonely

If he only knew how much, you love him (and you care)
So much for him, you were there (in his time of need)
Did he mess it up for a guy like me?

Girl I know, you don't need a man
Another heartache relationship
I just wanna make sure, that you
Are never lonely (never lonely)
Girl I know, you don't need a man (a man)
Another heartache relationship
I just wanna make sure, that you
Are never lonely (never lonely)
Girl I know, you don't need a man (i'll be there for you)
Another heartache relationship (in your time of need)
I just wanna make sure, that you (oh,oh,oh)
Are never lonely

Girl I know you don't need a man
I just wanna make sure that you are never lonely
Girl I know you don't need a man
I just wanna make sure that you are never lonely
