Listen

All my fellas please listen up to me
I sincerely say these words
What goes around, comes back around
I hope you feel me, 'cuz I'm not hating no

If you keep doing these girls wrong, somebody's
gonna do us wrong
It's reality, I need you here with me, if we keep
breaking
These girls hearts, somebody's gonna break our hearts
It's reality, now I know what I need

Is one girl to love
Give her all of me
One girl to love
Give her everything she needs, yeah, yeah

It's time for me to hang up my cleats, 'cuz my playing
games are over
And I need the right one here with me, my friends don't
understand why
Lately I don't hang out all night
Someday they'll feel me, but I'm not hating no

If you keep doing these girls wrong, somebody's
gonna do us wrong
It's reality, it's reality, need you here with me, if we
keep breaking
These girls hearts, somebody's gonna break our hearts
It's reality, now I know what I need

Is one girl to love
Give her all of me
One girl to love
Give her everything she needs, yeah, yeah

Only if I had a girl like you, so all some insecure
Searching for perfection would be true, words cannot
describe the feeling
I pray to God that I meet you some day

Maybe in church on Sunday, I'll be patient all I need

Is one girl to love
Give her all of me
One girl to love
Give her everything she needs, yeah

Is one girl to love
Give her all of me
One girl to love
Give her everything she needs

One girl to love
Give her all of me
One girl to love
Give her everything she needs
