Pink City Boogie (1991)

Words and Music; Bobby Valentino

Now let me tell you about a place I saw one day
Somewhere in the south of Californ-i-a
Just a little east of Route 95
It's so brightly painted it hurts your eyes
The colour's pink
And whot do you think
We'll do the Pik City Boggie tonight

Now everything that's there is painted sky-blue pink
From the tallest chimney to the wash-room sink
Pink City is the name of the town
Folks they come from miles just to get on down
Don't be blue
I'll tell you what to do
You do the Pink City Boogie tonight

Do the Pink City Booge
The Pink City Boogie
We're gonna paint the town red
Gonna wake the dead
And do the Pink City Boogie tonight

Oh they keep a rockin' and a rollin' all night long
They're bound to make you welcome, feel that you
belong
It's the kind of place to let down your hair
It don't really matter if you're hip or square
Don't feel grey
And have a nice day
And do the Pink City Boogie tonight

Do the Pink City Booge
The Pink City Boogie
We're gonna paint the town red
Gonna wake the dead
And do the Pink City Boogie tonight

Oh they keep a rockin' and a rollin' all night long
They're bound to make you welcome, feel that you

belong
It's the kind of place to let down your hair

It don't really matter if you're hip or square
Don't feel grey
And have a nice day
And do the Pink City Boogie tonight

Do The Pink City Boogie
The Pink City Boogie
We're gonna paint the town red
Gonna wake the dead
And do the Pink City Boogie
The Pink City Boogie
Don't be brown
And loose that frown
Do the Pink City Boogie
The Pink City Boogie
Don't be blue
I'll tell you what to do
You do the Pink City Boogie tonight
Pink City Boogie tonight
Pink City Boogie tonight
Pink City Boogie tonight
Pink City Boogie tonight

The Pink City Boogie
We're gonna paint the town red
Gonna wake the dead
And do the Pink City Boogie
The Pink City Boogie
Don't be brown
And loose that frown
Do the Pink City Boogie
The Pink City Boogie
Don't be blue
I'll tell you what to do
You do the Pink City Boogie tonight
Pink City Boogie tonight
Pink City Boogie tonight
Pink City Boogie tonight
Pink City Boogie tonight
