Chorus:

'Cause you know I want it
So come wind it up for me
Now baby don't tease me
I need to feel what's in your jeans
'Cause you're so bad, bad bad bad
Bad bad bad bad
Baby you are so bad bad bad bad
Bad bad bad bad
You're so bad

Shawty is bed the whole damn place
She pull the trigger and don't ever hesitate
But you're too bad... me alone
Let's hit it we can split it baby we can get it on
My... to get... baby we can... on me
Playin 1 eleven when you're riding on me
... what's up girl, can I touch girl
You keep it up and I'ma give it to you wrong
