I have been so alone for so long  
What you could do baby  
Girl I have been waiting crazy thinking of you all night  
Oh baby oh baby  
Everything feels right in your ear  
When you hear ah...  
When you are not so clear  
Oh... So great  
(Oh, if my mind see it  
And my whole body see it  
And I am all in it  
I am gonna take control  
Oh please leave it  
When she receive it  
Don't put all my love to it  
I am going stroking all  
Girl, oh all night's alone  
Oh, oh all night's alone  
Oh, oh all night's alone  
Oh, oh all night's alone)  
Oh, my girl  
All day and night  
To make me what you could deny  
Oh night, it seems a life to you  
Everybody knows I really wanna be with you  
Let me stroke ok  
I am in you and me  
Oh, baby, so I lose control  
Cause I love your body  
That body, yeah  
I am deep inside your soul  
So deep, so deep  
Oh...  
(Oh, if my mind see it  
And my whole body see it  
And I am all in it  
I am gonna take control  
Oh please leave it  
When she receive it  
Don't put all my love to it  
I am going stroking all

Girl, oh all night's alone  
Oh, oh all night's alone  
Oh, oh all night's alone  
Oh, oh all night's alone)

Oh baby  
I know your life  
Baby  
Yeah...  
(Oh, oh all night's alone  
Oh, oh all night's alone  
Oh, oh all night's alone)  
Oh I feel your heart hoping hoping  
For your love for me is stoping stoping  
Would you take me away  
Don't wanna leave me praying  
I need your love, baby  
I want your love, baby  
Oh... take me away  
Take me away  
I am going crazy  
I need your body

(Oh, if my mind see it  
And my whole body see it  
And I am all in it  
I am gonna take control  
Oh please leave it  
When she receive it  
Don't put all my love to it  
I am going stroking all  
Girl, oh all night's alone  
Oh, oh all night's alone  
Oh, oh all night's alone  
Oh, oh all night's alone)  
Oh, oh all night's alone)

If my mind see it  
I don't wanna check  
And I am all go in it  
Get it all apart  
Oh please leave it  
Don't put all my love to it
