such a perfect love  
he had your heart wide open  
he had you flying high  
in the beginning  
then eventually,  
the perfect picture faded  
and now you wanna run away  
i feel your pain...

Because i know he broke your heart  
left you lonely in the dark  
but I'm here if you need me  
someone you can talk to  
he didn't care about your heart  
left you lonely in the dark  
but I'm here if you need me  
Oh baby you're not alone No No No No  
I'm here if you need me  
oh baby you're not alone

such a lonely face  
i know your heart is broken  
don't know which way to turn  
telling you learn  
you got a friend in me  
I'm just here to listen  
you can open up to me  
i won't judge you

cos i know he broke your heart  
left you lonely in the dark  
but I'm here if you need me  
someone you can talk to  
he didn't care about your heart  
left you lonely in the dark  
but I'm here if you need me  
Oh baby you're not alone No No No No  
I'm here if you need me

oh baby you're not alone

just give me a chance to tone to you

baby i can ease the pain

extraordinary  
just take my hand girl

it's gonna be alright girl  
it's gonna be alright girl  
it's gonna be alright girl  
if you give yourself some time to heal  
it's gonna be alright girl (take your time)  
it's gonna be alright girl (take your time)  
it's gonna be alright girl (take your time)

cos i know he broke your heart  
left you lonely in the dark  
but i'm here if you need me  
someone you can talk to  
he didn't care about your heart  
left you lonely in the dark  
but i'm here if you need me  
Oh baby you're not alone No No No No  
i'm here if you need me  
oh baby you're not alone

it's gonna be alright girl  
it's gonna be alright girl  
it's gonna be alright girl  
if you give yourself some time to heal  
it's gonna be alright girl (take your time)  
it's gonna be alright girl (take your time)  
it's gonna be alright girl (take your time)
