Such a perfect love, he had your heart wide open
He had you flying high in the beginning
Then eventually, the perfect picture faded
And now you wanna run away, I feel your pain

Because I know he broke your heart
Left you lonely in the dark
But I'm here if you need me
Someone you can talk to

He didn't care about your heart
Left you lonely in the dark
But I'm here if you need me
Oh baby, you're not alone, no, no, no, no
I'm here if you need me
Oh baby, you're not alone

Such a lonely face, I know your heart is broken
Don't know which way to turn until you learn
You got a friend in me, I'm just here to listen
You can open up to me, I won't judge you

'Cause I know he broke your heart
Left you lonely in the dark
But I'm here if you need me
Someone you can talk to

He didn't care about your heart
Left you lonely in the dark
But I'm here if you need me
Oh baby, you're not alone, no, no, no, no
I'm here if you need me
Oh baby, you're not alone

Just give me a chance to talk to you
Baby, I can ease the pain
Oh, he couldn't see you're so incredible, extraordinary
Just take my hand, girl

It's gonna be alright, girl
It's gonna be alright
It's gonna be alright, girl

If you give yourself some time to heal

It's gonna be alright, girl
(Take your time)
It's gonna be alright
(Take your time)
It's gonna be alright, girl
(Take your time)

'Cause I know he broke your heart
Left you lonely in the dark
But I'm here if you need me
Someone you can talk to

Baby, he didn't care about your heart
Left you lonely in the dark
But I'm here if you need me
Oh baby, you're not alone

I know he broke your heart
Left you lonely in the dark
But I'm here if you need me
Someone you can talk to

Baby, he didn't care about your heart
Left you lonely in the dark
But I'm here if you need me
Oh baby, you're not alone

It's gonna be alright, girl
It's gonna be alright
It's gonna be alright, girl
If you give yourself some time to heal

It's gonna be alright, girl
(Take your time)
It's gonna be alright
(Take your time)
It's gonna be alright, girl
(Take your time)
You're not alone

It's gonna be alright, girl
It's gonna be alright
It's gonna be alright, girl
If you give yourself some time to heal

It's gonna be alright, girl
(Take your time)
It's gonna be alright
(Take your time)

It's gonna be alright, girl
(Take your time)
You're not alone
