I've only been alone without you
The rest was just a game
(It's so far away)
You fill my empty room with starlight
How do I find the words to make you stay?

And here inside I'll never change
We can last forever
Please stay

You belong to me
Inside my love you'll always be
You belong to me
And only you can set me free

Inside my love you'll always be
You'll always be
Inside my love you'll always be
Inside my love

You belong to me
And only you can set me free

You belong to me
(You belong to me)
Inside my love you'll always be
You belong to me
(You belong to me)
And only you can set me free

I've stumbled through this life
A shadow of who I really am
(You gave me your hand)
You turned on all the lights inside me
I'll never turn away from you again

And here inside I'll never change
We can last forever
Please stay

You belong to me

Inside my love you'll always be
You belong to me
And only you can set me free

You belong to me
You belong to me
You belong, you belong to me
You belong to me
You belong, you belong to me
You belong to me
You belong to me
