Reaching for your headset  
Try not get your hair wet  
When you call me when you call me  
Walking in the rain  
Guess who's feeling hyper  
Trying to decipher  
When I hear you when I hear you  
Driving me insane

So call me up and knock me to the floor  
Now you've got me wrapped in wire  
Now you've burned my heart on fire down

Give me some direction  
I'm looking for connection  
While I roam you while I roam you  
Hanging on the phone  
Ease on down the sidewalk  
Eavesdrop on the small talk  
When I roam you when I roam you  
Hanging on the phone

Google while the ads pop  
Secrets on your laptop  
When I find you when I find you  
Searching on the net  
My whole world's been rocking  
Since you did your docking  
When you called me when you called me  
Ain't got no regrets

So call me up and knock me to the floor  
Now you've got me wrapped in wire  
Now you've burned my heart on fire down

Give me some direction  
I'm looking for connection  
While I roam you while I roam you  
Hanging on the phone  
Ease on down the sidewalk  
Eavesdrop on the small talk

When I roam you when I roam you  
Hanging on the phone
