I've got power in my rocket  
I've got diesel in the tank  
Calculations in my pocket  
Coordinations call the rank  
On the left we're passing Venus  
On the right we circle Mars  
Ooh oh ooh oh oh haunted by your love

I'm the center of attention  
Reignite electrolyte  
Front a spaceship intervention  
With destructive appetite  
You'll be heading for the exit  
When I blow this town apart  
Ooh oh ooh oh oh haunted by your love

Come come to my space paradise  
Look at my hi-tech device  
You're hypnotized

I'm a golden supernova  
You're my silver satellite  
Ooh oh ooh oh oh haunted by your love

Come come to my space paradise  
Look at my hi-tech device  
You're hypnotized

I'm a golden supernova  
You're my silver satellite  
Ooh oh ooh oh oh haunted by your love  
Ooh oh ooh oh oh haunted by your love

I've got power in my rocket  
I've got diesel in the tank  
Calculations in my pocket  
Coordinations call the rank  
On the left we're passing Venus  
On the right we circle Mars

Ooh oh ooh oh oh haunted by your love

Ooh oh oooh oh oh haunted by your love
