Hunt me down I'm the bait you've been poaching
Take me out on testosterone
Cause tonight's the night when the fight is approaching
We party hard at the thunderdome
Aaah take me for a ride tell me why
Do I get my kicks from the slide

You caught me fighting like a wild juggernaut
Caught me fighting like a wild juggernaut
You caught me fighting like a wild juggernaut
You caught me fighting riding sliding
Fighting like a wild juggernaut
Caught me fighting like a wild juggernaut
You caught me fighting like a wild juggernaut
You caught me fighting riding sliding

Load the guns set the buckets on fire
Tars and feathers and stars to trek
Cause tonight's the night of intrepid desires
A witches' brew at the discotheque
Aaah take me for a ride tell me why
Do I get my kicks from the slide

You caught me fighting like a wild juggernaut
Caught me fighting like a wild juggernaut
You caught me fighting like a wild juggernaut
You caught me fighting riding sliding

Aaah take me for a ride tell me why
Do I get my kicks from the slide

You caught me fighting like a wild juggernaut
Caught me fighting like a wild juggernaut
You caught me fighting like a wild juggernaut
You caught me fighting riding sliding
