The message is in the music
Now if you're ready the band's got the notion
To in motion
Shimmy shimmy coo coo bop
You're rockin' with the Doc

Come on and do it
Come on and do it
Come on and do it do it do it come on and do it
Come on and do it
Come on and do it
Come on and do it do it do it come on and do it

Well now it looks like the big fun has just begun
Well I've been watching you all night
Don't you wanna dance
Don't you wanna dance

Tang tanga boogie bang
Let's rock the house
Let's shock the house
Boom boom shake the room
Let's rock the shock the house all night
All right don't stop don't stop
Don't block the dot
Shake a boom boom
Shake a tang tang
Shake a boom boom tang tang rub a tum tum
Oh bang that thing to the beat of the drum

Everybody get on up and dance
Get on up now
Ain't ya tired of sitting down
Get on up and dance

Now the rhythm's making you
Wanna dance and sing
And otherwise do your thing
Well swing to the music
Woo, Listen
Hey now we'd like to say that
It's not a question of getting down

It's how low you could go
So here's to your health now especially
Make it funky

Come on and do it
Come on and do it
Come on and do it do it do it come on and do it
Come on and do it
Come on and do it
Come on and do it do it do it come on and do it

Old house starts rocking
When the drummer starts socking
That anti wall power sound at you
Get up off the wall you all
Pick those feet up and set them down
Don't be shamed don't be shy
Come on girls, come on guys
Party, Well stand out the crowd

So party inside and out yeah
Shout to the music now

She'll be coming around the mountains
When she comes long stroking
She'll be smoking flame high
Said yum yum gimme some
Tang tanga boogie bang
Let's rock the house
Let's shock the house
You got to get down
Music from the soul of man
And the heart of woman
