Musica por: Paulo Carvalho  
Baby, now you'll gimme what you said  
Baby, now you'll gimme what you said  
You promised me your body  
Now I'm here I come to get  
Baby, don't you even lock your door  
Baby, don't you even lock your door  
Tonight I'll catch what's mine  
Even if must come through floor  
You promised your body  
You promised your mouth  
You promised to suck  
Like no one around  
Baby, now you'll gimme what you said  
You promised your body  
Now I'm here I come get  
Suck, suck me, suck me, baby  
Suck, suck me, all night long  
Tonight I'll catch what's mine  
Don't you try to say I'm wrong (not wrong, baby)
