Congratulations! Go stretch your ears and get a neck tattoo.

Congratulations! All of our friends knew there was no better choice than you.

Whoa. Whoa. Whoa. Whoa.

Congratulations! Are you gonna move up north and throw away your Yankees hat?

Congratulations! Are you gonna swear off ska and stop gelling your hair back?

Whoa. Whoa. Whoa. Whoa.

Nice going asshole. Nice going asshole.

Nice going asshole. Nice going asshole.

You finally did something right and I'm 2% bummed it wasn't me.

I hope you know that Christine's gonna ask you to get into all your shows for free

And I will smile while silently resenting you for quitting Bomb the Music Industry.

Whoa. Whoa. Whoa. Whoa.

Now Dave has another friend who's in a more successful band.

Jenna's got another contact and another drummer to make out with again! w00t!

Nice going asshole. Nice going asshole.

Nice going asshole. Nice going asshole.

You finally did something right and you'll probably meet Dave Grohl.

And tell us about him when you get home.

Then you'll get the news from me that you'll never quit this band.

And we're taking you out on tour for those two months a year that you're home because we can.

And sure it's out of spite not to replace you, but you promised and we shook hands.

So remember when you're back in Long Island, you will

forever be forced to be a part of a ska band.

Nice going asshole. Nice going asshole.

Nice going asshole. Nice going asshole.

You finally did something right, I guess state college  
did pay off!

We're all music majors too, can you make Ferret give  
us jobs

Or at least tell Ferret to sign my band?
