I don't love you anymore.  
No this isn't some mistake.  
For the past two months I've just been getting drunk  
And watching Lost and then getting even drunker just  
so I can fall asleep.  
Every second I'm with you I get an ache in my head  
And I spin in my bed and again and again and again  
and again.

And all the money I spend is my money again  
I'll understand what is said when I'm out with my  
friends.  
And at the end of the night, baby I'm'a gon' drive 'em  
home.

And all the time that I waste repeating mistake  
And the ridiculous taste and the look on my face.  
I'm gonna take it back.  
Baby I don't love you no more.

I don't love you anymore and no this isn't some  
mistake.  
I cannot count how many nights at 5 AM I lied awake.  
I can't remember all the stupid shit I said.  
I didn't give a shit about myself.  
I didn't give a shit about my friends.

Every night I spend with you  
I get increasingly sick and I stop thinking quick  
And I act like a dick like a dick like a dick.

Get off your ass and work this out.  
Don't be such a bastard to yourself.

I don't love you anymore and no this isn't some  
mistake.  
Spent 25, 35, 45, 55 nights a month I lied awake.  
I'm really tired of being broke.  
Really tired of all the shakes.  
I'm really tired of being ashamed.  
I'm gonna stop.
