Turn off the TV, it's time to settle down.  
And I've been ignoring newspapers, I've been staring  
at the ground  
Because I'm waking up from nightmares, whenever I  
look around  
And see we're stuck here in a situation of which we  
can't get out.  
The dreams I mentioned earlier all involve aeroplanes  
Launching missiles and themselves into shiny  
windowpanes  
And the debris from the explosions fall to quick to run  
away  
And today I woke up terrified 'cause reality's the same  
and I'm singin'

I'm terrorified!!! I didn't vote for this.  
I'm gonna die for shit that ain't my fault.  
I'm terrorified!!! I've overdosed on fear  
It turns out one day I'll really explode.

So we'll start a giant deficit, so we'll roll back civil rights  
And we'll color code our threat levels so we can see  
them when it's dark at night.  
And our hostile corporate takeover DOES help me sleep  
alright.  
Do you think Bush thanks God for 9/11 so he can feel  
justified?  
Yeah, the dreams I mentioned earlier all involve falling  
bombs  
With me crying in my bed why can't we all just get  
along.  
And with a finger on a button someone's stopping all  
our wrongs.  
Today I woke up terrified because the TV's on and I'm  
singin'

I'm terrorified!!! I didn't vote for this.  
I'm gonna die for shit that ain't my fault.  
I'm terrorified!!! I've overdosed on fear  
I guess I'm gonna explode.

This year in September, I watched gas prices drop a

quarter the day after the 10th.  
We're no safer and the fear's all we remember  
But to honor them it's cheaper to drive to bomb  
shelters.

I'm terrified!!! I didn't vote for this.  
I'm gonna die for shit that ain't my fault.  
I'm terrified!!! I've overdosed on fear  
It turns out one day I'll really explode.
