kaise kahe tumko hum tumpe martein hain,  
jijaan se yaaran tuje hum pyaar kartein hain,  
how do i tell u this you are my eternal bliss,  
you fulfill my life with just one kiss,  
tere liye jiyu tere liye maru tu jo ab kahein wahi mein  
karu,  
i will die for you i will survive for you what ever you say  
nw i will do,  
kyonke, because,  
tere bin mujko na rehna muje ata hain na chena,  
kahde meri mena you are mine sunaina,

sir if you want my whole song contact me im available  
any time any place any where  
you say and i will be there
