Ehsaan hai mujhpe tumara, chuute na yeh saat hamara
[I owe you big time, may we never loose each other]

Now let's start, at the beginning,
Before I bumped into to you
I used to party alot, I used to drink too much
I did some drugs too

I was f**ked up
I was down, feeling lost
And couldn't get through the day
Without puffin on a J
Well anyway.
Since I met you I've changed

Yeah...

Oh Wild Wild Wild Rose...
You planted love inside of me
And grew up from where nothing could grow
Wild wild wild Rose
Now your love is the only seed that i need
To get me back, naturally

Dil yeh pagal, Dil yeh awara
[My heart is crazy, with no place to dwell]
Chuute nah yeh saat tumara
[May we never lose eachother]
Jaane jaana tuhi, tu hai meri kushi
[My love, you are my happiness]
Thoote nah yeh kacha dhaaga
[May this bond never break]
Meri jaan, hai mera vaada
[My love, this I promise]
Bhooloon nah, chorun nah kabhi saat tumara
[I'll never forget you or leave you]
Meri Kushi, sab tuhi hai tuhi
[My hapiness, is you and only you]
Dil hai mera tanha
[My heart is lonely]

Oh oh yeah

Oh Wild Wild Wild Rose
Yeh dil hai tera jaane jaan
[My heart belongs to you]

You grew up from where nothing could grow
Wild wild wild Rose
Hum tere bhi hai jaane jaan
[I belong to you too]
Sun zara, Hum doono nah chooreng saath
[Just listen, we will never leave each other]

Oh wild wild wild rose
You planted love inside of me [yeah]
And grew up from where nothing could grow
Wild wild wild rose [Yeaah]
Now your love is the only seed that i need
To get me back, naturally

Baby,

The love we have is strong
You got it going on
I can't believe
You've been with me for so long, lady
Cuz I know, you could do much better than me
But your by my side, down for the ride
And you will always be inside my heart, yeah

Oh Wild Wild Wild Rose...
You planted love inside of me
And grew up from where nothing could grow
Wild wild wild Rose
Now your love is the only seed that I need
To get me back naturally

Wild wild wild rose
Yeh dil hai tera jaane jaan
You grew up from where nothing could grow
Wild wild wild rose
Hum tere bhi hai jaane jaan, Hum doono nah
chooreng saath

Yeh dil tera, aur hum bhi tere
[This heart is yours, and so am I]
Choorunga thera saath, kabhi na
[I'll never leave you]
