Woh chali woh chali dekho pyaar ki gali use roke na koi,
woh chali woh chali

Na na na meri jaan, dekho jaana na waha koi pyaar ka
lutera, lute na meri jaan.

Woh chali woh chali, she's found the love that's real,
now her wounded heart is healed, finally finally

Woh chali woh chali, leavin all her tears behind only
loves on her mind, finally finally

Thou she tries but she can't hide all her joy wrapped up
inside she can't wait to reveal, and tell you how she
feels

Well this time it feels so right, there'll be no more
lonesome nights good times are here to stay love will
shine on every day.

Woh chali woh chali, she's found the love that's real
now her wounded heart is healed, finally finally

Woh chali woh chali, leavin all her tears behind only
loves on her mind, finally finally

In my heart there is some pain, don't ask me why I can't
explain may be I did love her too, now there's nothin I
can do
On the other side of town, her love is waitin on as she's
waivin me goodbye, I think my heart is gonna cry.

Woh chali woh chali, she's found the love that's real
now her wounded heart is healed, finally finally

Woh chali woh chali, leavin all her tears behind only
loves on her mind, finally finally

Woh chali woh chali dekho pyaar ki gali use roke na koi,
woh chali woh chali

Na na na meri jaan, dekho jaana na waha koi pyaar ka

lutera, lute naaaaaaaaa

Woh chali woh chali, she's found the love that's real
now her wounded heart is healed, finally finally

Woh chali woh chali, leavin all her tears behind only
loves on her mind, finally finally

Woh chali woh chali, she's found the love that's real
now her wounded heart is healed, finally finally

Woh chali woh chali, leavin all her tears behind only
loves on her mind, finally finally
