The clock strikes ten  
Out on the streets again  
I been looking for something  
To please me since I don't know when  
Out on the dark side of town  
Another rumbles gone down  
And life on the high side  
Isn't what this boys about

She's got somethin' I want man  
It's somethin' I need  
It takes more than the night  
To satisfy me

I stand accused  
I can always run to you  
Any road that you choose  
I can always run to you  
I stand accused  
I can always run to you  
I run to you  
Baby, I can always run

To a heart of chrome  
And a soul of steel  
We've done more white lines  
Than you'll know any one we could steal  
And when I give her the gun  
You know she feels so right  
And we don't let go when we're all alone  
And I'm holdin' her so tight

She's got somethin' I want man  
It's somethin' I need  
It takes more than the night  
To satisfy me

I stand accused  
I can always run to you  
Any road that you choose  
I can always run to you  
I stand accused

I can always run to you  
I run to you  
Baby, I can always run

And when the morning comes  
And I go to sleep  
When I close my eyes she's waitin' for me  
I know that tonight she'll satisfy me

I stand accused  
I can always run to you  
Any road that you choose  
I can always run to you  
I stand accused  
I can always run to you  
I run to you  
I can always run to you
