Alarm clock rings, 6:45,  
Must have hit that snooze button least 3 times,  
Wishing this morning was still last night,  
On any other Alarm clock rings it's 6:45  
Must have hit that snooze button least three times  
I'm wishing this morning  
Was still last night  
On any other day  
I just might want to die  
Traffic's backed up 20miles to the east  
Must have hit every damn red light on the street  
The weatherman says it's gonna to rain for a week  
Hey what can you do

On any other day I'd be blue eyes crying  
I could tell the world at least I'm trying  
The clouds are breaking the sun is shining new  
For me and you  
On any other day  
I might just go crazy  
The grace is knowing that you're gonna save me  
Maybe luck and love can pull us through

On any other day  
I might just stay in bed  
Sink down in a sea of blankets  
Pull them up over my head  
Catch a beer buzz in the morning

Just to get a little edge  
Then maybe just get up in time  
To do it all again  
Hey, I like where this it's going  
Yeah, 'cause I know where it's been  
On any other day I'd be blue eyes crying  
I could tell the world at least I'm trying,  
The clouds are breaking the sun is shining new  
For me and you  
On any other day  
I might just go crazy  
The grace is knowing that you're gonna save me  
Maybe luck and love can pull us through

On any other day

Alarm clock rings it's 6:45  
I like waking up with you on my mind  
Knowing that you're saving me one more time

On any other day I'd be blue eyes crying  
I could tell the world at least I'm trying,  
The clouds are breaking the sun is shining new  
For me and you  
On any other day  
I might just go crazy  
The grace is knowing that you're gonna save me  
Maybe luck and love can pull us through  
On any other day
