I light a candle  
In the garden of love  
To blind the angels  
Looking down from above  
I want, I need

The fruit of your vine  
It tastes so bitter sweet  
'Cause I know it's not mine  
I want to go inside

Hit the lights and I'll come crawling to your window  
tonight  
Come on and send the sign  
I'll be your dirty little secret  
And you'll be mine

You got me knock, knock knocking at your door  
And I'll be coming back for more  
We made a promise and we keep it  
Our dirty little secret

We act like strangers  
When you're holding his hand  
'Cause there's a danger  
That we both understand

We run like thieves  
Through the temple of sin  
Till we fall on our knees then you go back to him  
I want to feel alive

Hit the lights and I'll come crawling to your window  
tonight  
Come on and send the sign  
I'll be your dirty little secret  
And you'll be mine

You got me knock, knock knocking at your door  
And I'll be coming back for more  
We made a promise and we keep it  
Our dirty little secret

Hit the lights and I'll come crawling to your window  
tonight  
Come on and send the sign  
I'll be your dirty little secret  
And you'll be mine

You got me knock, knock knocking at your door  
And I'll be coming back for more  
We made a promise and we keep it

Our dirty little secret  
Our dirty little secret  
Our dirty little secret  
Our dirty little secret  
Our dirty little secret
