I've been staring at the page for what seems like days  
I guess I put this one off for a while  
Did I see a tear fall from your eyes ?  
Or did you laugh so hard that you cried ?  
When I served my secrets on a silver tray to you (hey  
now)  
Hey now, I guess the night's just bringing me down

There's no love, there's no hate  
I left them there for you to take  
But know that every word was a piece of my heart (hey  
now)

You've been the blood in my veins  
The only one who knows my middle name  
And the smiles, they came easy 'cause of you (hey  
now)  
You know that I love you, but I hate you  
'Cause I know I can never escape you  
So let the choir sing for tonight I'm an easy mark (hey  
now)  
Hey now, am I acting just a little too proud ?

There's no love, there's no hate  
I left them there for you to take  
But know that every word was a piece of my heart (hey  
now)

Have I said too much  
Maybe I haven't said enough  
But know that every word was a piece of my heart (hey  
now)

Hush me darling, maybe I've lost my touch  
Maybe I've lost my guts  
There, is that truth enough ?  
Hey now, hey now...

*[Guitar solo]*

You know these love letters mix with whisky  
Just don't light a match when you kiss me

Though I'll blow away, you know I'll be back soon (hey  
now)  
Hey now, hey now, hey now, am I talking just a little too  
loud ?

There's no love, there's no hate  
I left them there for you to take  
But know that every word was a piece of my heart (hey  
now)  
Have I said too much  
Maybe I haven't said enough  
But know that every word was a piece of my heart  
Hey now, am I talking just a little too proud ?  
Hey now, the night's just bringing me down
