How can I defend?  
"Let's live for now not then"  
We're chasing tail lights  
Let them fade into the distance  
Let's say the engine stalled and start again

Turn around let's turn around  
It's a dark road we been heading down  
Trust me tonight I swear I know where we are  
We're gonna run all the lights  
We're gonna blow right through the radar

Fast cars  
We are fast cars

How can I pretend the signs don't say dead end  
So many hearts just wind up in a junkyard  
Where memories are nothing but spare parts

Turn around just turn around  
And leave the past behind us now  
Come on we ain't gonna crash  
This time we ain't slowing down  
We'll pull ahead of the pack  
Slipping thru the cracks cause we are

Fast cars  
On a long ride take your foot off the brake  
Let's just put it in drive  
We are fast cars on the inside  
There's no turning back  
On the highway of life  
Fast cars  
We are fast cars

(Sha La Sha La)  
Flying through the stop signs  
(Sha La Sha La)  
Running over bad times  
(Sha La Sha La)  
Gunning down the daylight  
Counting days like white lines

Holding on for our lives

We are fast cars, ohh

We are fast cars

On a long ride take your foot off the brake

Let's just put it in drive

We are fast cars on the inside

There's no turning back on this highway tonight

(Sha La Sha La)

(Sha La Sha La)

We are fast cars

(Sha La Sha La)

We are fast cars

We are fast cars
