Two

One two three four

Hello, baby, it's only me  
I know you're tired, it's been a long hard week  
I was thinking maybe if you ain't got no plans

I just wanna be your man  
Tonight I wanna be your man

I know what you're thinking, that you've got your doubts  
I'm not the only one who knows what your dreams are  
about  
If you say no then I will understand

I just wanna be your man  
Tonight I wanna be your man

And all I want is to dream out loud  
We used to think we had it all worked out  
I know that you don't want to be alone  
But the streets outside are so damn cold

You still ever think of you and me as us  
Or another thing we let die and turn to dust?  
I wasn't there to clean the cuts  
Yeah I was the one who got caught in the ruts  
I was just thinking maybe if you got no plans

I, well I just wanna  
Tonight I wanna be your man
