J. bon jovi

You know your favorite old pair of shoes  
The ones with the hole in the toe you wont lose  
Your favorite record thats all scratched and used  
But still you love to play when your feeling blue

That faded rose thats all dried out  
Those bukowski poems we couldnt live without  
Your high school pic when you had wild hair  
That stormy day on the beach that got us here

Oh, you better believe theres just one thing you need  
Cant you see...

Its just me baby  
Its just me baby  
If theres just one thing that you should keep  
In your book of dreams  
Its just me baby

Just like a shadow 10 feet tall  
Standing right behind you should you fall  
Ill be the one to hold you up to walk  
When this wicked world makes us want to crawl

Abd if your waves should ever break at sea  
Ill be there waiting, Im that sandy beach  
Im that same old dog, scratching those same fleas  
Ill be by your side, you can count on me

Its just me baby  
Its just me baby  
If theres just one thing that you should keep  
In your book of dreams  
Its just me baby  
Its just me baby  
Whats it gonna take to make you see  
Whats it gonna take til you believe in me

Oh, how my smile fades and my heart just breaks  
Every time you go away

Its just me baby  
Its just me baby  
If theres just one thing that you should keep  
In your book of dreams  
Its just me baby  
Its just me baby  
Whats it gonna take to make you see  
Whats it gonna take til you believe in me

And if someday some new memory comes along  
Looking shiny new, feeling really strong  
You can tell him that Ill tell him  
He can just move on  
Im a fighter - Ive been fighting for you all night long  
Its just me baby
