### LITTLE CITY

I got my call light on, gimme one more fare tonight  
Just get me over the bridge, I can see those shiny bay  
lights  
You know I'm never alone but I'm feeling lonely tonight  
Damn, I got my last cigarette but I ain't got no light

God let these wheels roll to where the girls are pretty  
Where the nights explode and life is still living  
Down this open road, the arms of pity  
Wait to greet me tonight in little city

In my rear view mirror, I see someone else's hairline  
I hear that fire in your eyes is on the rock and doing  
hard time  
And the grapes of wrath, they're on the vine  
There's wine in this dirt  
Here love ain't love, it's just another four letter word

God let these wheels roll to where the girls are pretty  
Where the nights explode and life is still living

Down this open road, the arms of pity  
Wait to greet me tonight in little city

shalalalalala, shalalalalala, shalalalalala, oh  
shalalalalala, shalalalalala, shalalalalala, oh

God let these wheels roll to where the girls are pretty  
Where the nights explode and life is still living  
Down this open road, the arms of pity  
Wait to greet me tonight in little city

Now that cold grey fog's just a rolling down the  
highway  
He's come to carry me home  
It puts a little smile on my face

Yeah, roll with me baby  
I can see those daylights calling me home  
Yeah, I'm never alone

Just turn the radio on  
There's an old song I used to know
