Hello again, it's you and me
Kinda always like it used to be
Sippin' wine, killin' time
Tryin' to solve life's mysteries

How's your life? It's been a while
God, it's good to see you smile
I see you reaching for your keys
Looking for a reason, not to leave

If you don't know if you should stay
If you don't say what's on your mind
Baby, just breathe
There's nowhere else tonight we should be
You wanna make a memory

I dug up this old photograph
Look at all that hair we had
It's bittersweet to hear you laugh
Your phone is ringing, I don't wanna ask

If you go now, I'll understand
If you stay, hey, I've got a plan
We're gonna make a memory
You wanna steal a piece of time
You can sing the melody to me
And I could write a couple of lines

You wanna make a memory
If you don't know if you should stay
And you don't say what's on your mind
Baby, just breathe
There's nowhere else tonight we should be, we should
be
You wanna make a memory

You wanna steal a piece of time
You can sing the melody to me
And I could write a couple of lines

You wanna make a memory
You wanna make a memory
