My friend had a girlfriend
She liked her drink
Sucked the head off her lager
Threw me a wink
And she sang to me, "Buddy, what's your sign?"

I was off, I was runnin'
Knocked me clean off my feet
Her tongue kept on selling
What any blind man could see
And I just kept on stumbling through the stop signs

She said, "What's you hiding underneath that shirt?"
Right behind the buttons there's a heart that hurts
Adam's evening left the curse
Take it off make it work

Naked, naked - just get back to basics, yeah
Naked, face it - you can't fake it when you're (naked)
Naked (naked) face it
All I'm saying

The tail you been chasing
Put the K back in kink
Threw a coin in her jukebox

I started to think
But she just smiled and offered me a peace sign

How far you gonna run in those designer shoes ?
The soul with holes ain't gonna be the one you lose
I don't know which one is worse: Adam, me or you

Naked, naked - just get back to basics, yeah
Naked, face it - you can't fake it when you're (naked)
Naked (naked) face it
All I'm saying

[Guitar solo]

Take it, embrace it
Baby, here we are

Can't you almost ... taste it

Naked, naked - just get back to basics (yeah)

Naked, face it - you can't fake it when you're (naked)

Naked (naked, naked) naked (naked, naked) naked

(naked, naked) naked (naked)

[Jon talking to fade]
