And you're afraid and it feels like you're too tired to
fight

Even your heart don't know if you're still alive

Man, you never felt so all alone in this world tonight

And I, don't you know that I felt the same?

I've seen this storm, I've been through the rain

You've gotta know that I feel your pain

Don't be afraid, when you're on the edge,

I will rescue you, when you need a friend, I'll be there
for you

I'm nobody's hero, for you I'd lay down my life

Nobody's hero, but I'd tear down the stars from the sky

If you would lean on me, baby, dream on me

You can bleed on me, just believe in me

Nobody's hero, well out on these streets

They're waiting for blind eyes to see

They're waiting for our cuts to bleed

I hear they're waiting for you and me

Well alright, alright 'cause this time you know I ain't
afraid to fight

For you I ain't afraid to die, as long as you are by my
side

It will be alright, when all faith is gone, I will pray for
you

Just keep holding on, I'll be there for you

I'm nobody's hero, but for you I'd lay down my life

Nobody's hero, but I'd tear down the stars from the sky

If you lean on me, you can bleed on me

Baby, dream on me just believe in me, nobody's hero

I'm nobody's hero, but for you I'd lay down my life

Nobody's hero, but I'd tear down the stars from the sky

If you lean on me, you can bleed on me

Baby, dream on me, just believe in me

I'm nobody's hero, nobody's hero

Baby, lean on me, you can dream on me

Just lean on me, just believe in me
