Barkeep pour me one last shot, 'cause I must be on my way
Gotta make that same old stop that this soul makes everyday
Tell me why am I holding on? Harry, why is the love a flame?
It burns you when it's hot, but Cupid's fire trucks never came
I can't bend the hands of time, so I think myself to sleep
The way you never said goodbye if only in my dreams

Tell me where you want to go
Tell me what you long to be
Are you longing for my touch? If only in my dreams
We'll sing the love songs you once sung
Touch the stars you want to reach
And I will see the job gets done, if only in my dreams

Lord, I'd sacrifice my eyes, there's nothing else I'd rather see
You can have my heart, it's of little use to me
And if you want my soul, I'd throw it in for free
It's all I'm worth that's left, since my angel got her wings
Now I'm down and on my knees, it's of little use to pray
Unless you give her back, but there's no deals cut these days
They're only in my dreams

Tell me where you want to go
Tell me what you long to be
Are you longing for my touch? If only in my dreams
We'll sing the love songs you once sung
Touch the stars you want to reach
And I'll see the job gets done, if only in my dreams

Now I curse the daytime
When I'm alone at night time
'Cause I swore the sun shined just for you
And I know you anywhere
There ain't no pain, there ain't no tears

And if I have my way from the moment I get there

Take me where you wanna go

We'll be who you wanna be

All I needed was your touch, all I want is you and me

We'll sing the love songs you once sung

And you'll be in my dream

Until the war is won, it's only in my dreams
