J. bon jovi

You think you know me just because you know my
name
You think you see me cause youve seen every line on
my face
You want to want me just beacause I say that I want you
But does it matter if anything Im saying is the truth
You need somebody, somebody to hold on to
But this aint the movies and we aint heroes

Staring at your window with a suitcase in my hand
The streetlights buzz as the cars roll by and the moon
dont give a damn
My boots just keep on walkin, but my heart dont
understand
Why Im staring at your window with a suitcase in my
hand

I said I want you, but when we woke up one of us was
crying
You rolled over and all you said was -
Man, I think Im dying
Our song is over, this band of gold has been feeling
like a noose
You place your bets, cause no one thinks theyll lose

Staring at your window with a suitcase in my hand
The streetlights buzz as the cars roll by and the moon
dont give a damn
My boots just keep on walkin, but my heart dont
understand
Why Im staring at your window...

The light of love can blind you til you cover up your
eyes
And you try to find the reason not to say goodbye
Its the curse of every sailor standing on dry land
Staring at your window with a suitcase in my hand

The night is fading, like my old tattoo

A heart and a dagger, that says forever

Staring at your window with a suitcase in my hand
The streetlights buzz as the cars roll by and the moon
dont give a damn
Im getting tired of talkin, even I dont understand
Why Im staring at your window with a suitcase in my
hand
