These days what's left of me ain't no Prince Charming
And my Cinderella feels like she stayed at the dance
too long
We ain't got much but what we got is all that matters
We're pickin' up the pieces, tryin' to put 'em back where
they belong

Ohh, it's gonna be alright
This is love, this is life
When times get tough we're still worth the fight
This is love, this is life
The road here's paved with the brokenhearted
We gotta finish what we started
Ohhh, better hold on tight
This is love, this is life

These days it seems like there's three sides to every
story
There's yours, mine, lately there's the cold hard truth
Who cares who's wrong or right when we turn out the
lights?
We'll find forgiveness when we're in each other's arms
tonight
It ain't pretty but somehow we always make it through

Ohh, it's gonna be alright

This is love, this is life
When times get tough we're still worth the fight
This is love, this is life
The road here's paved with the brokenhearted
We gotta finish what we started
Ohhh, better hold on tight
This is love, this is life

Ohh, it's gonna be alright
This is love, this is life
When times get tough we're still worth the fight
This is love, this is life
The road here's paved with the brokenhearted
We gotta finish what we started
Ohhh, better hold on tight

This is love, this is life
This is love, this is life
This is love, this is life
