For thirty odd years I was a newspaper man  
I made my living with a pen and a pad  
God I miss the smell of paper and the ink on my hands

Been back from the desert for a year or so  
I left more in that sand than you'll ever know  
Another war was waiting for me when I got back home

In the name of the flag some gave their lives  
I'm still living, yeah, Semper Fi  
Well, that's my story, what else can I say  
Hey, hey

I got a lot to give say can you see  
I'm still breathing and my heart still beats  
They took the car but they left the lease  
Does anybody want what's left of me?

Boarded up the house, they left the keys  
Foreclosed on my city, rolled up these streets  
But I ain't checking out, I still got my dreams  
Does anybody want what's left of me?  
Hey, hey, hey, hey

They called us "Dirty Harry", we're a punk rock band  
Why they sold old CBGB's I don't understand  
All that's left now are the t-shirts and they come  
from Japan

I sold my drums to make ends meet  
The band broke up, we had to eat  
It's the same old shit, it just happens more these days,  
Hey, hey

I got a lot to give say can you see  
I'm still breathing and my heart still beats  
They took the car but they left the lease  
Does anybody want what's left of me?

Boarded up the house, they left the keys  
Foreclosed on my city, rolled up these streets

But I ain't checking out, I still got my dreams  
Does anybody want what's left of me?  
Hey, hey, hey, hey

I'm a teacher, I'm a farmer, I'm a union man  
It's getting hard to make a living in this hard land  
We ain't working in our factories, all those jobs went  
overseas.  
Hey, hey.

Does anybody want, does anybody want,  
Does anybody want what's left of me?

I got a lot to give, say can you see  
I'm still breathing and my heart still beats  
They took the car but they left the lease  
Does anybody want what's left of me?

Does anybody want to buy or rent,  
Take a chance or place a bet?  
I ain't checking out, I still got my dreams  
Does anybody want what's left of me?  
Hey, hey, hey, hey.

Does anybody want, does anybody want,  
Does anybody want what's left of me?  
Hey, hey, hey, hey

Does anybody want, does anybody want,  
Does anybody want what's left of me?
