Well you're dancing with the shadow
You been talking in your sleep
Well you can walk on water
But don't want to wet your feet

You really got me, you really got me now
You know I don't know how you do it
But you really put me through it
You got me, yeah

You say you talk to everyone
Who is anyone in town
But they don't recognize you
With your feet out of your mouth

You really got me, you really got me now, yeah
You know I don't know how you do it
But you really drive me through it
You got me

Who am I to judge a man who says that's he's his own
biggest fan

It's true / Richard...

[Piano solo]

You brought a knife out to a gunfight
And you're shouting that I'm dead
My old friends Smith and Wesson
Think you're in over your head

You really got me, you really got me now
You know I don't know how you do it
But you really drive me through it
You got me now

You really got me, you really got me now
You burn your bridges baby
You know I don't know how you do it
But you really put me through it

You got me, yeah
