Alarm clock rings, it's 6:45,
Must have hit that snooze button 'least three times,
I'm wishing this morning was still last night,
On any other day, just might wanna die,

Traffic's backed up twenty miles to the east,
Must have hit every damn red light on the street,
Weatherman says it's gonna rain for a week,
Hey, what can you do?

CHORUS

On any other day, I'd be blue eyes crying,
I can tell the world that at least I'm trying,
The clouds are breaking, the sun is shining new,
For me and you...
On any other day, I might just go crazy,
The grace is knowing that you're gonna save me,
Maybe luck and love will pull us through.

On any other day, I might just stay in bed,
Sink down in a sea of blankets, pull them up over my
head,
Catch a beer buzz in the morning, just to get a little
edge,
Then maybe just get up and down and do it all again

Hey, I like where this is going,
(yeah?) Yeah, cause I know where it's been,

CHORUS

On any other day, I'd be blue eyes crying,
I can tell the world that at least I'm trying,
The clouds are breaking, the sun is shining new,
For me and you...
On any other day, I might just go crazy,
The grace is knowing that you're gonna save me,
Maybe luck and love will pull us through.

On any other day... Yeah, yeah...

Alarm clock rings, it's 6:45,

I like waking up with you on my mind,
Knowing that you're saving me one more time...

CHORUS

On any other day, I'd be blue eyes crying,
I can tell the world that at least I'm trying,
The clouds are breaking, the sun is shining new,
For me and you...
On any other day, I might just go crazy,
The grace is knowing that you're gonna save me,
Maybe luck and love will pull us through.

On any other day... Yeah, yeah...
Woah-oh-oh-oh...
On any other day...
On any other day...
On any other day, I'd be blue eyes crying,
I can tell the world that at least I'm trying,
The clouds are breaking, the sun is shining new,
For me and you...
