I light a candle
In the garden of love
To blind the angels
Looking down from above
I want, I need
The fruit of your VINE
It tastes so bitter sweet
Cause I know it's not mine
I want to come inside

Hit the lights
And I'll come crawling through your window tonight
Come on and send the sign
I'll be your dirty little secret and you'll be mine
You got me knock knock knocking at your door
And I'll be coming back for more
We made a promise and we'll keep it
Our dirty little secret

We act like strangers
When you're holding his hand
Cause there's a danger
That we both understand
We run like thieves
Through the temple of sin
Till we fall on our knees then you go back to him
I want to feel alive

Hit the lights
And I'll come crawling to your window tonight
Come on and send the sign
I'll be your dirty little secret and you'll be mine
You got me knock knock knocking at your door
And I'll be coming back for more
We made a promise and we'll keep it
Our dirty little secret

Ha

Hit the lights
And I'll come crawling through your window tonight
Come on and send the sign

I'll be your dirty little secret and you'll be mine
You got me knock knock knocking at your door
And I'll be coming back for more
We made a promise and we'll keep it
Our dirty little secret

Our dirty little secret
Our dirty little secret
Our dirty little secret
Our dirty little secret
