How you spend your minutes are what matters
All tomorrows come from yesterdays
When you're feeling broken, bruised and sometimes
shattered
Blow out the candles on the cake
Like everything's a big mistake

It seems you always wait for life to happen
And your last buck can't buy a lucky break
If all we've got is us then life's worth living
And if you're in, you know I'm in
I'm ready and I'm willing

I am
When you think that no one needs you, sees you or
believes you
No one's there to understand
I am
I'll be there to be that someone
When you think that no one is there to hold your hand
I am

We're just who we are, there's no pretending
It takes a while to learn to live in your own skin
Say a prayer that we might find our happy ending
And if you're in you know I'm in
I'm ready and I'm willing

Chorus: I am
When you think that no one needs you, sees you or
believes you
No one's there to understand
I am
I'll be there to be that someone
When you think that no one is there to hold your hand
I am

I ain't got no halo hanging over my head
I ain't gonna judge you, I'm just here to love you
I am, I am

Chorus: I am

When you think that no one needs you, sees you or
believes you
No one's there to understand
I am
I'll be there to be that someone
When you think that no one is there to hold your hand
I am
When you think that no one needs you, sees you or
believes you
No one's there to understand
I am
I'll be there to be that someone
When you think that no one is there to hold your hand
I am
I am
I am
