(written by: Bon Jovi)

I don't wanna talk about it  
Baby wanna talk all night  
You're on your feet six days a week  
We're working nights just trying to make ends meet  
We break our backs on the killing floor  
Another guy's what's we're doing it for  
We got a lot, we don't need more

We're rolling, baby  
Tell me when you go  
Rolling, ready  
Tell me where to go

I don't wanna watch the TV  
Wash the dishes now or pay the bills  
Don't wanna eat, don't need to sleep  
The only real meal that gives me a thrill  
Don't need no candles, you're the spark  
Don't need no matches, just a fire in the dark  
We come together and that's a good start

Baby, crazy  
And I know that you can't hide  
'Cause the earth anywhere  
There up on the other side

We break our backs on the killing floor  
Another guy's what's we're doing it for  
We got a lot, we don't need more

We're rolling, baby  
Tell me when you go  
Rolling, ready  
Tell me where to go  
Baby, crazy  
And I know that you can't hide  
'Cause the earth anywhere
