There's something about you
I want to rescue
I don't even know you
So what does that mean

Maybe I'm cynical
I'm painfully logical
You're tragic and beautiful
And that's good enough for me

You're looking for a hero, but it's just my old tattoo
Tonight I swear I'd sell my soul to be a hero for you

Who's going to save you
When the stars fall from your sky
And who's going to pull you in
When the tide gets too high
Who's going to hold you
When you turn out the lights
I won't lie I wish that I
Could be your superman tonight

If somebody sent you
An angel to save you
What would you tell him to turn him away

That your heart don't break
That your lips don't kiss
That life is just a lie
That heaven don't exist?

Who's going to save you
When the stars fall from your sky
And who's going to pull you in
When the tide gets too high
Who's going to hold you
When you turn out the lights
I won't lie I wish that I
Could be your superman tonight

Who's going to fix you

The next time you break down
Stranded alone by the side of the road
It's your baggage that's dragging you down
Don't look back
Let it go

Ohhh, Ohhhhh

Who's going to save you
When the stars fall from your sky
And who's going to pull you in
When the tide gets too high
Who's going to hold you
When you turn out the lights
I won't lie I wish that I
Was that superman

Who's going to save you
When the stars fall from your sky
And who's going to pull you in
When the tide gets too high
Who's going to hold you
When you turn out the lights
I won't lie I wish that I
Could be your superman tonight

woooah, woooah, woooah ohhh
woooah, woooah, woooah ohhh
woooah, woooah, woooah ohhh
woooah, woooah, woooah ohhh
