In an empty room, all the tempting bar  
cross the universe, there's no place too far  
yeah wherever you are  
you and me, thick as thieves.

Well it ain't always pretty  
Sometimes it can rough  
Could have throne the dial in  
And threw the hands up  
Seems like we've always been  
And always will be thick as thieves

Time, time won't never drag us down  
You, me, us, ain't looking back and turning around  
It's classic born each girl  
with our backs against the world  
You and me  
Thick as thieves

In a world without faith  
Your word I believe  
When they stack in the deck  
You're the cut up my sleeve  
In my hour of need you and me  
Yeah thick as thieves.

And that are all that's left behind us now  
You, me, us, ain't looking back on turning around  
It's classic born each girl  
with our backs against the world  
You and me  
Thick as thieves

If our rather bank, you wouldn't care  
You'd come sit on my lap  
In the electric chair  
and when they flip the switch  
We just kiss

I know nothing's gonna stop us now  
You, me, us on the. urge never looking down

What's a boy to do, it's classic me and you  
Lucky you, lucky me  
Thick as thieves.  
Ohh  
Thick thieves, oh yeah.
