You want to start a fire?  
It only takes a spark  
You've got to get behind the wheel?  
If you're ever gonna drive that car

If you want to take a bite  
You better have the teeth  
If you want to take that step  
Then get up off of your knees  
'Cause tonight, we're alive

Who'll stand for the restless?  
And the lonely? For the desperate? And the hungry?  
Down for the count, I'm hearing you now  
For the faithful, the believer  
For the faceless and the teacher  
Stand up and be proud... What about now?

You want to start a fight?  
You've got to take a swing  
You got to get your hands in the dirt  
To see what the harvest will bring

You want to raise your voice?  
Don't be scared to breathe  
Don't be afraid to hurt  
Don't be ashamed to need  
tonight, we're alive

Who'll stand for the restless?  
And the lonely? For the desperate? And the hungry?  
Down for the count, I'm hearing you now  
For the faithful, the believer  
For the faceless and the teacher  
Stand up and be proud... What about now?

The leaves fall like reasons that drift through the  
seasons  
'Till dreams are just bare dark and gray  
And all of your plans that slip right through your hands  
Are just stains that you'll take to your grave

Tonight, we're alive

Who stand for the restless?  
And the lonely? For the desperate? And the hungry?  
Down for the count, I'm hearing you now  
For the faithful, the believer  
For the faceless and the teacher  
Stand up and be proud... What about now?

What about now?...  
What about now?...  
What about now?...
