I tried to make you happy
Lord knows I tried so hard to be
What you hoped that I would be
I gave you what you wanted
God couldn't give you what you need
You wanted more from me
Than I could ever be
You wanted heart and soul
But you didn't know, baby

Wild, wild is the wind
That takes me away from you
Caught in the night without your love
To see me through
Wild, wild is the wind
That blows through my heart

Wild is the wind,
Wild is the wind
You got to understand, baby
Wild is the wind

You need someone to hold you
Somebody to be there night and day
Someone to kiss your fears away
I just went on pretending
Too weak, too proud, too tough to say
I couldn't be the one
To make your dreams come true
That's why I had to run
Though I needed you, baby

Wild, wild is the wind
That takes me away from you
Caught in the night without your love
To see me through, baby
Wild, wild is the wind
That blows through my heart tonight
That tears us apart

Wild is the wind,
Wild is the wind
You got to understand, baby
Wild is the wind

Solo

Maybe a better man
Would live and die for you
Baby, a better man would
Never say goodbye to you, baby

Wild, wild is the wind
That takes me away from you
Caught in the night without your love
To see me through, baby
Wild, wild is the wind
That blows through my heart tonight
That tears us apart

Wild is the wind,
Wild is the wind
You got to understand, baby
Wild, wild, wild, wild is the wind.
Wild is the wind.
