At the mirror you fix your hair and put your makeup on  
You're insecure about what clothes to wear  
I can't see nothing wrong

To me you look so beautiful when you can't make up  
your mind  
It's half past eight, it's getting late  
It's OK, take your time

Standing here my hands in my pockets  
Like I have a thousand times  
Thinking back it took one breath  
One word to change my life

Chorus:

The first time I saw you it felt like coming home  
If I never told you I just want you to know  
You had me from hello

When we walk into a crowded room it's like we're all  
alone  
Everybody tries to kidnap your attention  
You just smile and steal the show

You come to me and take my hand  
We start dancin' slow  
You put your lips up to my ear and whisper way down  
low

Chorus:

From the first time I saw you it felt like coming home  
If I never told you I just want you to know  
You had me from hello

And when you're laying down beside me  
I feel your heartbeat to remind me...

Chorus:

The first time I saw you it felt like coming home  
If I never told you I just want you to know  
You had me from hello

From hello
