Forced into this world
To erase my own kind
Overlord wants to one alive
DESOLATE FUTURE!
Scavenge out the sectors
To clean out all the filth
We used to call the human race

Desolate Future!

Homicidal outbreaks
Mass hysteria hits your town
Excruciating mental pain
Victims of beheadings
Human bodies hit the ground
Lashing insanity

Overlords not pleased
As 5 of them remain alive
The future of all mankind
DESOLATE FUTURE!
Fugitives of Crong
They will not get too far
Foolish neanderthals

Desolate Future!

Homicidal outbreaks
Mass hysteria hits your town
Excruciating mental pain
Victims of beheadings
Human bodies hit the ground
Lashing insanity
