[Krayzie]

Nigga get ready for the big payback
Been thuggin and keepin the gulley since way back
Lot a niggas been talkin
they runnin they mouths barkin
Runnin around false
they claimin they want a weapon to rob us
My record is flawless
my method is lawless
i'm an automatic weapon nigga you just a target
The number one artist from the land of the heartless
fittin to get cha, hit cha nigga they couldn't call it
One nigga left and they talkin about we ain't happenin
so we had to give that up and make em recognize
platinum
Look at everybody rappin just like i'm rappin
niggas got to admit it the Bone Thugs is the masta
THEY DIE, And there's NO COMPETITION, NO
COMPETITION!!!!
Tear the roof off the mothafucka
I put a boot off in a mothafuckas ass
Still down to blast or clash with anyone of you niggas
who start we ain't trippin off of none of you niggas
wooo
Leathface the boy is back, with a little bit of action bring
it
rap it sing it
Bust it whateva dog
whateva ya'll want to do i'm with it wicked wicked

[Chorus]

Go loco with the heata nine milimeter
nine milimeter milimeter milimeter pop pop
Go loco with the heata nine milimeter
nine milimeter milimeter milimeter pop pop
Go loco with the heata nine milimeter
nine milimeter milimeter milimeter pop pop
Go loco with the heata nine milimeter
nine milimeter milimeter milimeter pop pop

Just one warning impatient one time only ok

[Layzie]

Ya'll know how i feel about fake niggas bitch niggas
snitch niggas ain't no love for them
put a nigga in his place moma crying at the wake that's
right
that's what a nigga does for them
I play above the rim I play above the rim
with no lames in my circle cause i love to win
With the real ass niggas with the thug in them
And if you talk too much i put a slug in them
Oh no don't play with em
Lay gon get em If Wish don't get em then Kray gon get
em
Straight up we spit em
with a nine on my side and i slide to the rhythm
Let me slow it down in case you didn't catch my drift
lift a nigga up out his shoes trigga finga not hesitant
fuck it
Let me speed it up hit em like the ammunition comin
from my heata
ya'll niggas can't see these thugs 17 shots from the
nine millimeter
On the creep with the nightvision infared beams
pointed at your dome,
can't wait to see a niggas response
when i rip that vest with the teflon teflon
