I say, "The war shouldn't stop until these playa hatin'
Nigga's body rott, body rott, body rott"
Nigga, the war shouldn't stop until these mothafuckin'
cop's
Body rott, body rott, body rott

I say, "The war shouldn't stop until these playa hatin'
Nigga's body rott, body rott, body rott"
Nigga, the war shouldn't stop until these mothafuckin'
cop's
Body rott, body rott, body rott

We paper chase and smoke blunts
You'll never find a thuggish bunch of niggas like us
Don't be so quick to test us, I'll be annoyed and might
bust
I'ma have to talk to eazy through the Ouija, so I can see
If maybe he can tell me why you hatin' on me
Bitin' on me, why you want me? To show a nigga
leather face in me

Don't fuck around nigga, he's a real buck 'em down
nigga
Motherfuck rappin' how bout fuckin' with me now nigga
Niggas get your checks from your broads get high
Then your broads sneak your keys from your niggas
and ride
Everybody wanna party even the niggas with a problem

Hey, nigga we can solve em, 'cause bitch we'll squash
'em
Don't know me, fuck you when you got beef
But you also got the clone styles and all motif
See me rappin' on your TV actin' and it's a fact that
When you see us in person think we gon' flex or show
you
No action down for mine, gotta show a nigga time to
time

So I figure, I'll slow down the rhyme so they can
understand
I feel with so much anger and pain and if I drop then

I'll explode like a fuckin' grenade, nigga
Fuck calm time to ring the alarm, break the niggas out
of prison
Killin' all the guards, power to the people givin' people
The power to put it down in your city and fuck them
hillbillies

Nigga I can't stand no mothafuckin' po-po
When will we start killin' these bitches and takin' no
more
Mo thug, the only clique that I claim
Although we all beyond the bangin'
You could say, "I roll with a gang "
And dissing chin checkers in the makin'
So nigga continue with the rotation

I say, "The war shouldn't stop until these playa hatin'
Nigga's body rott, body rott, body rott
Nigga, the war shouldn't stop
Until these mothafuckin' cop's body rott, body rott,
body rott

I heard I murda, I heard I murda, I heard

Yeah nigga we heard about all of the murders
Look what they did to Tyrone, flippin' the flow then let it
burn
What if the pistols and police stay strong for the Bone
Bitch, you fuckin' with all of the black cat feet
And in 1999 when ya meet up in Egypt
Bet it be no peace to release the beats
Settle with the streets and get 'em all peace
Get up and at least we don't take defeat

Bitch never retreat, nigga lose your arms, better use
your feet
Pick up my cannon nigga, yeah, yeah, yeah, get up off
the rock
We're corrupt as a four dollar buck, come and get
fucked up
And get out the county nigga get rowdy take out a
bounty
Disappear-pear, in an alley, reappear-pear off in Cali

And you feel me daddy, proudly, I done stalk like a
mad man
And went through shit in Cleveland with the band
Now look at me platinum, fuck the rap and the corner
bitch
Made hation nation nowadays an occupation
So why you hate me? Still can't fade me away

Go on, be gone, and the point of view was made with
the song

And murder they prophets in spots, spots, spots

I say, "The war shouldn't stop until these playa hatin'
Nigga's body rott, body rott, body rott"
Nigga, the war shouldn't stop until these mothafuckin'
cop's
Body rott, body rott, body rott

I say, "The war shouldn't stop until these playa hatin'
Nigga's body rott, body rott, body rott"
Nigga, the war shouldn't stop until these mothafuckin'
cop's
Body rott, body rott, body rott

How you see me when you see me
Drinking on Henessey and Remy?
Look in my eyes, my shit is dreamy
Beggin' to scotty, won't you beam me up?
I buck twelve gauge erupt disrupt your order infantry

Y'all better expect annihilation, fuckin' around with an
SCT
And better be a soldier organize up on the love and just
us
Armies see, full of harmony and niggas in thugs we
trust
So nigga, I bust so back up off me, givin' no mercy
Shit is critical, killin' you individual wit' a Ouija type
ritual

I'm diggin' a ditch for all of you po-po, who felt
You could come and raid, ain't no way to be safe
Nigga, this the army brigade, so listen up and hear
what's spoken
As I start this locomotion, retaliate because we chosen
Open showin' us lord's devotion yeah

I say, "The war shouldn't stop until these playa hatin'
Nigga's body rott, body rott, body rott"

Now when you're fuckin' with me
Make sure you know what you're doin'
Got niggas that know what they doin'
Rollin' with me, Infra red to your head
Don't beg, you dead, we fled, gotta get away
Gotta make sure, I'm free so when you need me
I can buck another day, it's a bone thang

Better ride ride, 'cause when you're fuckin' with
You gon' die, die, don't be surprised
Bone want your presidents wanna run it all
Run all of it, all of it fuck that dog, fuck that dog
Us niggas is super skilled

Don't pull no gun if you ain't gon' spit
Click clack clack be the sound
These police and haters is wrong
We buckin' 'em down trust in me and Harmony
I try peace, eternally bless my soul, Lord
And everybody that rides with me

It's from me to you, it's from me to you, me to you
It's just our point of view, it's just our point of view
Point of view, point of view, yeah
And that's why I stay high so high, so high like
La dee dah dah dah, la dee dah dah dah, so high, so
high

I say, "The war shouldn't stop until these playa hatin'
Nigga's body rott, body rott, body rott"
