[Mariah Carey] (Bone Thugs) - [Intro]
Don't forget about us
(Bone Bone Bone Bone)
Don't baby, don't baby, don't let it go...
(I'm never gonna let it go....)

[Layzie Bone] (Jermaine Dupri)
(Yall know what this is. So So Def)
Why do we make up just to break up?
Wanna be together but the world tryna take us
In different directions and ain't even tell us the
choices, the blessins collected
But hold on now wait a second, caught up in my
recollection
I remember that body you flexin
Baby me and you was all night sexin
Your boy put it down, didn't he?
You told me you'd never forget
First time that you let me hit, got on top of it and just
rode it rode it
All night long (Ha), shoulda been all life long
Me and you cheatin, NO right no wrongs
But, with a good memory, we'll stay strong
(Let's go)

[Krayzie Bone]
I've met alot of women in my lifetime
I still never met nuttin like you
So I'm never, said I'm never, given up the pleasure, not
ever
I know, you was the only one true to me
I shoulda thugged you so much more
Cause it shows, through do everything you do for me
you kept it real with your boy
Believe me, I remember them day-ays, when nothing
came between me and you
We be straight up doin our thang (Thang)
When you be next to me, we in ecstasy
I'ma love it, I'ma never leave it cause that's all we got
Keep me in your memory...

[Mariah Carey] (Bone Thugs) - [Chorus]
And don't forget about late nights, playing in the dark
and waking up inside my arms
Boy, you'll always be in my heart and, I can see it in
your eyes,
you still want it
So don't forget about us (I'm never gonna let it go....)

[Mariah Carey] (Jermaine Dupri)
(MC, holla) Oh they say
That you're in a new relationship
But we both know, nothing comes close to what we had,
it perseveres (Yea)
That we both can't forget it, how good we used to get it
There's only one me and you (Uh uh)
And how we used to shine, used to shine
No matter what you go through
We are one, that's a fact, that you can't deny
So baby we just can't let, the fire pass us by (Santana,
Dipset)
Forever we'd both regret, so don't forget about us

[Juelz Santana]
(aye aye aye)
Let me brush my shoulders off real quick man.
Aye Mimi baby, you need me baby?
You know I know how to treat a lady
See a girl like you, need a guy like me
Not a busta (Like that), sucka (Like that)
Soon as you leave, he gon' want you right back
He don't want you like that (Truss)
I want you like that
She like, baby no, she like baby dont
I'm like baby you know your baby won't leave you in the
cold like that
(No...) I ain't new to this, I'm true to this
I treat you like when I was movin bricks, that's serious,
baby I'm serious
I ain't talkin materialistic
I'm talkin serious business
I'm talkin about the wish of wishes
Don't you wish you get this (Aye)? I know you sick, I
know you (Tired)
I know you sick of bein sick and tired
X him out, count me in you don't need to be with a
clown like him

[Mariah Carey] (Bone Thugs) - [Chorus]
And don't forget about late nights, playing in the dark
and waking up inside my arms
Boy, you'll always be in my heart and, I can see it in

your eyes,
you still want it
So don't forget about us (I'm never gonna let it go....)
