You can you meet me in the sky
The sky, the sky, the sky, the sky
You can meet me in the sky
The sky, the sky, the sky, the sky
'Cause we flyin' above the haters

They done gave me my wings
Let's fly, high, high, high, high
They done gave me my wings
Let's fly, high, high, high, high

They done gave me my wings
Lets fly, high, high, high, high
They done gave me my wings
Lets fly, high, high, high, high
'Cause we flyin' above the skyscrapers

I done made it up the mountain lookin' down on the valley
And I'm feelin' I can fly so I dive off the cliff
Hear the little kids scream, they don't know I got wings
'Til I sprinkle them with the dreams and I hit 'em with the gift

Say bye bye to them haters
No more lies, they can't fade us
Why they wanna test, now you rockin' with the best
And my whole fam fam is the greatest

Moves countin' like a calculator evaluate the master
Playas operation stack your paper captivatin' money makers
Feel the love from above he's an eagle
He's a dove, call him Bone's emancipator

Everybody's a congratulator
Come and ride on this elevator
Better yet take this escalator
Graduate to the new skyscrapers

When we put 'em on a level that's if you can deal with
We take it to 'em runnin' nothin' but realness

Surely livin' in the life it's for the thrills
We went up and over the hill
Went through the whole drill

Haters try to kill with kindness
But there's nothin' they can do to the finest
Though they won't dare cross over the line for tryin'
Y'all know what's gonna happen so they might as well
Remain behind us, way behind

We on the hardcore grind
I never take my mission for granted
Since I'm cool they go and take it for weakness
Better take it in stride

They don't wanna see us alive
But yet we steady creepin', reapin', weepin'
Niggas went and got in way too deep in
You gotta practice that before you start preachin'

But ain't no way that they can keep up
'Cause we keepin' the heat on it really don't matter
Where we can meet up

You can you meet me in the sky
The sky, the sky, the sky, the sky
You can meet me in the sky
The sky, the sky, the sky, the sky
'Cause we flyin' above the haters

Nigga had it bad
'Cause I never had more than plenty cash
Thinkin' that the rainy days was over
Livin' in the past livin' ghetto fab

Never lookin' back
But the fact is that I never wen nowhere
The truth is me and my own ghetto got a love affiar
It's so real things we did my conscience outta here

I don't care, I deserve everything I earn
Hell yeah, I deserve some pain, I know I hurt
Stop talkin' night walkin' real night stalkers
Zoners, hungry heard it here first
Don't believe me, with wings I'll meet ya

Playa, hater, hate
They can hate me but they better stay away
Or see Krayzie loc' insane
So if they wanna hate me let 'em hate me from the
bottom

Way up underneath my feet

'Cause really I done turned a new leaf
To never ever let the suckas rise or let them bustas kill
the high
'Cause they jealous in the mind
They remind me of gravity always grabbin' at me,
pullin' me down

Bad storm for the flight, keepin' me on the ground
Still I rise and when I take off they fall
Raise to the ceiling, try and stay away from the
pretender
You don't really even get involved
We play 'em all from afar in a distance

You can you meet me in the sky
The sky, the sky, the sky, the sky
You can meet me in the sky
The sky, the sky, the sky, the sky
'Cause we flyin' above the haters

And when I met him in the sky
He had a body like a man and the lower body tellin' the
Lord
That he had a plan to make Him sure I wasn't evil
But I'm comin' with my people ain't no sequel
Ain't no women ain't no vessels

I'ma settle with a scepter and a lethal dosage
I will live forever with a serpent on my head
Little glory that's my man I'll be damned
If I comin' through i'm runnin' with my pistol

Weren't for Moses I'ma die but I'ma come back wit' ya
That's the way to get ya

Picture sinister plots
I'm not nigga with no land I imagine
A strand of lightning bolts and tightened ropes
I'm fightin' folk with no hope

Earth got me locked now chillin' in the smoke house
No doubt, no clout, now we're goin' all out
Earthball that's all, never let the devil call
Revelations little Biggie nigga so long

Metal was so precious I was resurrected, why?
Juniors fly to The Creator
And my brother be, brother be 'C', throw it up
Uncle 'L' comin' straight from the sky, what

You can you meet me in the sky
The sky, the sky, the sky, the sky
You can meet me in the sky
The sky, the sky, the sky, the sky
'Cause we flyin' above the haters

They done gave me my wings
Let's fly, high, high, high, high
They done gave me my wings
Let's fly, high, high, high, high

They done gave me my wings
Let's fly, high, high, high, high
They done gave me my wings
Let's fly, high

You can you meet me in the sky
The sky, the sky, the sky, the sky
You can meet me in the sky
The sky, the sky, the sky, the sky
'Cause we flyin' above the haters
